Scottish Photographic Federation FIAP World Cup Winning Images Exhibition

Foreword by the President of the SPF

This exhibition reflects the very high standards that Scottish photography has reached in recent years, we hope you enjoy it.

On behalf of the SPF, I would like to both congratulate and thank all of the many authors, who's work you see hanging in this exhibition, who made it possible for the Scottish Photographic Federation to achieve such a magnificent result.

I would also like to thank Peter McCormack and his staff at the Auld Kirk Museum & Lillie Art Gallery, East Dunbarton for holding this exhibition. Also, thanks goes to The Framing Workshop who mounted all the prints for us.

A final thanks goes to Robert Fulton, the SPF's FIAP Liaison Officer, who's hard work was instrumental in Scotland winning The Dr Van de Wijer Trophy, and bringing this Exhibition to fruition.

Libby Smith MPAGB, EFIAP

**Normal Opening Hours
Tuesday to Saturday
10am to 1pm & 2pm to 5pm
Gallery Closed during the
change of Exhibitions.**

ABOUT THIS EXHIBITION

This Exhibition is to celebrate a unique achievement in the history of Scottish Photography.

During 2009 and 2010, the Scottish Photographic Federation has achieved considerable success in International competitions, winning two World Cups and several National and Individual Medals.

These International Competitions were organised and overseen under the auspices of 'The International Federation of Photographic Art' commonly known as FIAP.

The competitions are held on a Biennial basis, with a 'host' nation being appointed to organise the event.

Each competition is categorised according to the medium to be used, i.e. Projected Images, Coloured Prints and Mono Prints.

The National Federations of each competing country then determine a specific theme for their entry, e.g. 'Birds in Flight', 'Sporting Action' etc. and the more coherently matched for the theme and style, the better the result.

The Country with the best combined results over the Projected, Coloured and Mono Print competitions, during a two year period, is awarded the **Dr Van de Wijer Trophy** which is named after the founding President of FIAP.

These are the Scottish Photographic Federation results of the FIAP Biennials during 2009-10

Year	Host Nation	Type of Biennial	SPF Result	No of Countries Entered
2009	Indonesia	Projected	Silver Medal	17
2010	Ireland	Coloured Prints	Winners of World Cup	29
2010	Vietnam	Mono Prints	Winners of World Cup	42
2010	India	Prints & Projected	Bronze Medal & Highly Commended	30

The Scottish Photographic Federation were awarded the Dr Van de Wijer Trophy for 2009-10

About FIAP - The International Federation of Photographic Art

FIAP is an International organisation existing mainly for amateur photographers.

They co-ordinate photographic activities between the National Federations in a similar way as FIFA do in football.

In relation to this exhibition, FIAP appoint the Host Nation for Biennials and send representatives to oversee the event and ensure that the competition meets their required conditions and standards.

For further details see - www.fiap.net

Other FIAP Services -

- Patronage is granted by FIAP to International Salons, which comply with their stipulated conditions and arrangements.
- FIAP Photographic Distinctions are available to individuals who can verify personal achievements in approved Salons.

About the SPF - Scottish Photographic Federation

The Scottish Photographic Federation, known as the SPF, was founded in 1903, making them the second oldest Federation in Britain. The Federation is the focal point of Scottish Club photography with 85 affiliated clubs covering the whole of Scotland, from Orkney in the north to Stranraer in the south, servicing a total membership

of 3425 photographers.

The objective of the SPF is to promote co-operation between, and organise activities, for the benefit of all of their member societies as well as promoting the general advancement of photography. To that end they run a varied program of competitions and events to give Clubs and their members the opportunity to meet or compete at a national level. They also co-ordinate entries to competitions out with Scotland both for clubs and individuals, and run their own international event the 'Scottish International Salon of Photography'.

The SPF also runs workshops on a variety of topics, including 'How to acquire photographic distinctions' or 'Becoming a Judge'. They produce regular newsletters and mailings and give guidance on a wide variety of subjects – from club insurances to competitions. Annually they publish a Directory of SPF member Clubs, Judges and Lecturers to assist clubs with their programmes.

The SPF is affiliated to the Photographic Alliance of Great Britain (PAGB) and FIAP.
