Attendees Sequences

There will be the usual opportunity in the programme for attendees to show their own AVs using Pictures To Exe (PTE) or ProShowGold before an appreciative and expert audience. Please note that sound and picture reproduction in the hall is unlikely to be exactly the same as that produced by your own home equipment and we cannot adjust this equipment to suit individual sequences

For this meeting will you please submit your sequences to Stuart Edgar. Please follow these instructions:

Send your executable file to Stuart using the following programme – <https://www.wetransfer.com> following the web site instructions using his Email address stuart.edgar2@btinternet.com. If this is not possible send the executable file on CD/Memory Stick to Stuart at Greensyke, Kirkbampton, Carlisle, CA5 6HX.

Jill Bunting and John Smith have kindly agreed to assess our sequences. To allow them time to do this the sequences must be with Stuart by **Tuesday 26th February**. Any sequences arriving after this date cannot be reviewed and therefore won't be screened on the day. Sequences will be accepted in the order in which they are received.

Jill & John have been involved with AV for many years and have both judged and gained awards at all levels from local club to International.

For 7 years they were Joint Editors of the RPS AV News Magazine. They now edit the AV News website www.avnews.org.uk and also produce the AV Links email Newsletter.

They give talks and hold workshops for AV Groups, Camera Clubs & Video Groups and also judge print and PDI competitions at local clubs.
